

PROGRAM: Mixed Bag Program

TIME: 10:00-12:00

DAY: Wednesday

FACILITATOR: Yasser Hassan

AIM: To support students to develop life skills, social skills, confidence, and community participation through a balanced weekly program of indoor, outdoor, fun, and real-world learning activities.

GOALS: (Relates to NDIA goals of clients)

- To develop fine motor skills through planting and arranging materials
- To encourage creativity and self-expression
- To support participation in a structured group activity
- To enhance understanding of basic plant care and responsibility
- Provide safe, supported community access experiences

OUTCOMES:

- Participants successfully create their own terrarium
- Improve engagement, focus, and confidence during the activity
- Demonstrated ability to follow simple instructions with support as needed
- Increased social interaction and communication with others
- Basic awareness of plant care and maintenance
